

# 3D Printed, Custom Orthotic Sandals

**OOLab offers 3D printed, custom orthotic sandals.**

**How to order?**

We require a negative impression of the foot, a weight-bearing foot tracing and a completed order form.

**How much are they?**

The clinic cost is \$200. The cost is separated into 2 invoices provided by the Lab that state, "custom, sandal orthotic" and "Birkenstock-style sandal."

**What styles are available?**

There are lots of styles and colours available to accommodate your patient's foot, fit and style needs. We have developed a sell sheet (enclosed), we can email you a PDF of the file, or you can download it from the website at [www.oolab.com](http://www.oolab.com).
